**THIS REPORT IS NOT A LIST OF RECOMMENDATIONS.
IT IS A RAW PRINTOUT OF STOCKS WITH CURRENT HIGH OPTIONS VOLATILITY.**

The **TradeSmart e-Advantage Covered Call Listing** is a raw list of companies that show options activity at a specific point in time. This list is not a sample of trades that have been placed or a suggestion of trades that should be placed. It is a list of companies that momentarily have the potential for positive and successful ITM covered call positions. Determining risk adverse trades is your responsibility. The list is historical data of implied volatility. Your judgment is required to build trades that meet your own risk profile.

All information and data presented in the Covered Call Listing and / or related OptionsWest seminars, websites, literature, email or any other medium, provide general educational information only. All references to international and USA securities are made using historical data and are for educational purposes only. No trading suggestions of any kind are made nor should be implied. In presenting the material, neither OptionsWest, it's employees or consultants has taken into consideration any individual investment financial situation or particular needs. None of the information and data contained in or communicated by seminars websites, literature, email, verbal opinion or through any other medium, constitutes a recommendation to purchase or sell a security, or to provide personal investment advice. The sample data and information is expressly for educational purposes only and is not meant to be construed as an investment recommendation.
