## Trading Service Pointers

### The 'A' List Report

The '**A' List Report** is a short list of the top 5-10 stocks we have chosen from the Sweet List as trades we are interested in buying right now. We feel these stocks are currently vehicles for good trades and we are actively looking for good entry points.

When we place a trade in our BlueSky or Triple Array account, we always send out a timely email alert letting members know we have placed a trade.

Clear Eyes, Full Heart, Blue Sky
